

Materials List for Teaching Artists

We have implemented a new system for materials. Kala will continue to provide the common tools (like brayers, screens and squeegees) and equipment that we have on hand, but we will no longer supply consumable art materials like paper, woodblocks and paints. (Please be sure to fill out the **Studio Equipment Checklist** as well. There are some consumables in this checklist that Kala can provide.)

Please provide 3 lists of class supplies:

- 1.) **Participant Materials List** - Provide an exact description of what you would like participants to bring on their own (i.e. inexpensive, common materials)

For example:

- Pencil and eraser
- Sketches from home

Student Materials List:

2.) **Provided Materials List** - Teaching artists will purchase these items and collect reimbursement from students on the first day of class (This list will also be sent out to participants so that they are aware of what is covered by the Materials Fee)

For example:

- 9 x 12" Strathmore Bristol Pad (20 Sheets)
- Screenprinting ink (communal/class use)
- 9 x 12" acetate sheets (2)

Provided Materials List:

Approximate materials fee per participant (typically in the range of \$15~40) - Teaching artists are responsible for calculating this fee and collecting the amount from each participant :

\$ _____

3.) **Additional Materials You Will Bring** - You may bring your own sets of tools or materials to lend to participants. This list may also help us determine what tools or supplies Kala can lend depending on availability. (If this list contains consumable items such as ink, consider figuring them into your Materials Fee or including them in the Provided Materials list):

Additional Materials You Will Bring:
