ABOUT KALA

Kala Art Institute is a dynamic non-profit organization in Berkeley, CA founded in 1974. Kala Art Institute's mission is to help artists sustain their creative work over time through its artist residency programs and to engage the community through exhibitions, public programs, and education. Kala is a vital, art-making hub that continues to support artists and engage the community.

ABOUT EDUCATION & PUBLIC PROGRAMS

Kala's education programs are at the heart of our work. We are firmly committed to offering engaging, quality arts education programs and experiences to people of all ages. Since 1991, our adult, youth, and community programs have expanded. The Artists-in-Schools program provides multiple-week artist-led instruction and workshops to students and families in East Bay public schools and community organizations throughout the year. The on-site After School Studio and Teen Studio Programs provide opportunities for young people ages 6-17 to explore art media and dive deeper into the creative process. During the summer, Camp Kala brings together youth to experience one-week intensive art classes. Open-registration adult art classes are offered in various media and techniques, from printmaking to fine arts which take place in our print studio and community classrooms. Kala's public programs are developed in collaboration with our gallery, studio, and education programs to offer artists talks, gallery tours and field trips, community and family events, and other programs that engage the community in many ways.
